Transform your home And keep it warmer with **EXTERNAL WALL INSULATION**

Best Company Ever!

We are thrilled with the work Rockfarm has carried out. The staff are fantastic, with nothing being too much trouble, they are friendly & polite. The fitting team were really professional, efficient and tidy!

Also those in the office who kept us up to date with everything as the work progressed. Everyone went above and beyond to guarantee a fantastic job, including the electrician and plumber & the refit guy who came along to finish all the details to perfection. He even cleared a blocked gutter! Hooray! We would definitely recommend RockFarm, and I would be happy to be a referee for future clients.

MAKING A WILL

IT'S SIMPLER THAN YOU THINK

While thinking and planning for death may be an uncomfortable thought, the importance of having a Will in place cannot be understated. Not only will it make it easier for those left behind in the immediate aftermath but passing away without a valid Will can cause months of uncertainty, potentially fuelling family tensions and leading to costly family disputes – all of which could be minimised or completely avoided with a professionally prepared Will.

Wills are particularly important if you are unmarried, even if you live with your partner, as the default intestacy rules which apply when you die without a Will would not make any provision for your partner, however long you have been together. Careful consideration should also be made in Wills if you have young children as you will need to think about who should look after your children on a day to day basis should the worst happen and who you would trust to look after their inheritance until they reach an age you feel comfortable about them benefiting. All of these matters you can control if you have a Will in place.

Making a Will really can be simple and at Davidson Mahon, we offer flexible appointments around your childcare, work and other commitments, often visiting clients at home if this is preferable. Why not contact us for an initial no-obligation telephone discussion with one of our qualified and friendly members of the team to find out more.

Davidson Mahon Solicitors is a niche firm providing bespoke, professional advice to clients about Wills, estate planning, probate and the administration of estates as well as practical family law advice.

WELCOME

TO STONESTHROW DIRECTORY OCTOBER/NOVEMBER EDITION

It is hard to believe we are already in Autumn, but this might just be the most beautiful time of the year, with plenty to do and even more to look forward to. Together with our Advertisers not only have we prepared a magazine full of special offers and discounts, but also a few interesting reads on things that matter the most: writing a will (see p. 3), looking after garden creatures this Autumn (see p.29). We would like to think that our magazines could be more than just business directories, but also a useful community guide (see news and events on p.18) and a source of interesting reading material which comes from professionals in their fields near you.

As always, we encourage your feedback and your stories - this is what makes Stonesthrow Directories genuinely local and community-friendly. Also please remember to mention us when calling the Advertisers: this way we can bring you even more exclusive deals and offers that you won't find anywhere else.

Here are a couple of dates for your calendar:

27th of October - Daylight Saving Time ends; 31st of October - Halloween; 5th of November - Guy Fawkes Day; 10th of November - Remembrance Sunday.

Have a great couple of months and whatever you do - keep your heart and your business local.

Yours, Stonesthrow Publications

Misty Double Glazing?

Hi, my name is Dave Millidge, let me introduce my company where I repair windows and replace misted up double glazed units.

The area that I cover is Coventry and Warwickshire. You may have seen me around in your street or even have family and friends who I have worked for in the past ten years, with over 6,000 satisfied customers during that period. I started Misty to Clear to give customers the best value repairs in the current climate.

The Misty to Clear website allows total transparency of the customer experience. You can log into the website and view work that I have carried out. You can also leave feedback on social media. Therefore, I give a 25 year guarantee on all new double glazed units fitted by Misty to Clear.

This is a genuine guarantee which does not come as an extra to my price.

I started Misty to Clear mindful that the cost of repairs is probably key to most people's budget when using tradesmen to do work on their behalf in their homes.

I offer a lower cost service to both old and new customers as I operate directly for the customer with no additional hidden charges or insurance costs to you the customer.

So, my company name is Misty to Clear where I can offer steamed up window glass replacement and fix broken handles, hinges, seals, window locks and door locks.

I also change glass in Velux windows too.

Satisfaction guaranteed to be a high standard that carries a 25 year guarantee.

Clearly a great service!

Don't replace the Frames ...just the Panes!

HOROSCOPES

OCTOBER/NOVEMBER

ARIES (MARCH 21 - APRIL 20)

An exciting creative opportunity appears to be up for grabs during October as the powerful Aries full moon on the 13th challenges you to step your game and reach out to take some risks. Mars arriving in Libra on the 4th may bring a relationship issue into question. Resources and finances are in the spotlight during November as the Scorpio Sun encourages an all-important review. Scorpio Mars demands privacy so it's best to play a close hand until Mercury goes direct on the 21st. The Sagittarian new moon on the 26th brings refreshing change.

TAURUS (APRIL 21 - MAY 21)

October continues with the theme of new friendships. Venus, your planetary ruler, enters the deep and powerful sign of Scorpio on the 9th, drawing your attention to the important things in your life. It may be best to think carefully before you express your opinion. The transformational Scorpio Sun shines a guiding light on all your partnerships and relationships during November. This is a great time to make some changes as you communicate your values and your worth, if those around you don't get it, it's because it's time for them to move on.

GEMINI (MAY 22 - JUNE 21)

Love and romance are in the spotlight during October as energetic Mars stirs up relationships, particularly after the 4th. Mercury and Venus in deep and intense Scorpio suggest that there might also be some soul searching and decisions to be made concerning work matters. The work and wellbeing angle of your chart is emphasised during November as daily routines and general health become your top priorities. Mercury, your ruler, returns to direct motion after the 21st assuring that things get easier as interesting new opportunities come your way.

CANCER (JUNE 22 - JULY 22)

The powerful Aries full moon on the 13th highlights a career opportunity as your thinking becomes much clearer and you are ready to forge ahead with an important decision. It's a good time to revise what your unique qualities are and use your imagination and creativity. The Moon, your ruler, starts the month in down to earth Capricorn, illuminating the relationship sector of your chart. Saturn and Pluto are in your opposite sign and could create stress and tension caused by a lack of clarity. The way forward becomes much clearer as Mercury turns direct on the 21st

LEO (JULY 23 - AUGUST 23)

October is looking very positive for communication and negotiations on all levels; your mind should be focussed in order to expand your knowledge. Jupiter enhances your creativity and brings optimism and good luck, but be sure not to overstretch yourself. Romance is high on the agenda in November as the love planet arrives in fiery Sagittarius. Abundant Jupiter lends a helping hand and ensures that things go your way this month. The Taurus full moon on the 12th brings a career issue into the spotlight.

VIRGO (AUGUST 24 - SEPTEMBER 22)

Exciting new beginnings are evident as the month commences, Mercury, your ruler, enters Scorpio on the 3rd bringing your attention to what is really important in your life and helping you to ignore and dismiss what is no longer valid. Communication is enhanced with the Scorpio full moon. November shines the light on all forms of thinking and communication. Your mind is focussed as you review the power of your thoughts and eliminate those that are destructive. After the 21st you'll find the courage to express opinions that you are normally reluctant to voice.

LIBRA (SEPTEMBER 23 - OCTOBER 23)

As Venus, your ruling planet, moves into Scorpio on the 9th all things financial come to the forefront. Creative planning is necessary as you consider new and exciting ways of making money. Mars energises your sign from the 4th, you should find that your vitality improves. November welcomes your ruling planet to the exciting and daring sign of Sagittarius. The urge for adventure and risk taking is strong as plans for new endeavours start to form. Successful interaction and new projects are the main themes to keep you occupied. Confidence is strong as you do things your way.

SCORPIO (OCTOBER 24 - NOVEMBER 22)

October may turn out to be a rather introspective month, be sure to take care of your physical health as your strength may be drained by over-stretching yourself. The Scorpio new moon on the 28th changes the energy as you make a path for new projects to be initiated. November is your birthday month and it offers the start of a brand new cycle of transformation and personal growth. Dynamic Mars enters your sign on the 19th, ensuring the perfect opportunity to be more assertive as you step up into a more important role. The new moon on the 26th could see a lucky breakthrough.

SAGITTARIUS (NOVEMBER 23 - DECEMBER 21)

This month might bring some uncertainty as the reflective and self-examining area of your chart is highlighted. Steer your energy towards realistic targets that can be completed with hard work. The powerful Scorpio new moon on the 28th brings an important breakthrough. November is super charged as Jupiter and Venus in your sign make their presence felt. The full moon on the 12th brings an important work related issue to the surface and then your own powerful new moon on the 26th ensures that your long held dreams and aspirations finally take shape.

CAPRICORN (DECEMBER 22 - JANUARY 20)

October suggests there is a challenge to your work and career situation as enthusiastic Mars moves into a confrontational position. Try not to give in to unnecessary self-criticism, your task is to balance logic with imagination. Opportunities arrive on the Scorpio new moon. The Sun is powerful during November, stirring up anything to do with friendships and group endeavours. Romance is also favoured as dynamic Mars moves into passionate Scorpio on the 19th, increasing the chances of a meeting with someone new.

AQUARIUS (JANUARY 21 - FEBRUARY 18)

This month emphasises the importance of making plans for further education, adventure and travel. Your life goals are highlighted and the powerful new moon in Scorpio on the 28th facilitates new projects that require your concentration and endurance. Scorpio Mercury turns direct on the 21st, so you may not have to be so persistent to be clearly understood in your business dealings. An important breakthrough involving close friends comes to your attention around the time of the Sagittarian new moon on the 26th.

PISCES (FEBRUARY 19 - MARCH 20)

This month highlights the need for balance and stability in your investments, finances and resources. Mercury and Venus arrive in intense Scorpio during the second week and both planets favour the discussion of matters that are usually kept hidden. Favourable Jupiter is at the highest point in your chart making a challenging aspect to innovative Uranus; you'll need to stay wide awake and attentive to any new prospects that suddenly appear. The new moon in Sagittarius on the 26th offers exciting opportunities and opens your mind to new horizons.

HELP WILDLIFE THIS AUTUMN

EASY TO FOLLOW TIPS

As Summer comes to an end, preparing your garden for autumn and winter is critical for many of our wild friends. Autumn will suddenly snap into action, where you will see your garden turn from a colourful sun trap with buzzing insects and flowers to crisp sunny days with a sharp bite to the air.

BUG HOTEL

While clearing your garden of fallen leaves and branches, it may be tempting to simply put them into your green waste bin, but finding a corner spot where you can pile them up or put them into an old plant pot on its side can be of great help to small mammals and invertebrates. If you are feeling more adventurous you can even add a small roof to prevent them from getting too damp creating an even better resting space for them.

GARDEN BOARDERS

Leave herbaceous borders intact in winter so decaying plants can act as a 'winter duvet' for small mammals and insects. Clumps of ornamental grasses may offer the perfect hibernaculum for a hedgehog, while hollow plant stems and seedheads provide nooks and crannies for invertebrates. Seedheads are also a source of oil-rich food for birds which may visit to feed.

OLD PLANT POTS

If you have ever seen a messy pile of plant pots in a garden and thought what a mess. This mess is great for wildlife - they don't always have to be

so messy, but a neatly stacked pile can give great cover for many different insects.

SHEDS

Some butterflies overwinter as adults and will enter our homes in autumn, where they find conditions cool and dry. However, when the central heating is turned on they wake up and expend energy flying around. If you find a butterfly inside your home, transfer it to your shed or garage, where temperatures will remain constant. Use an empty shoe box to move it, keeping the lid on until it has settled down. Make sure it can exit safely in spring, via a window or door.

LEAVES

Remove leaves from paths or lawns but transfer them to a corner or beneath a hedge, where hedgehogs and other animals can crawl for shelter.

COMPOST HEAPS

A variety of species, including hedgehogs and queen bumblebees, find compost heaps the perfect place to hibernate. If your heap is in a plastic bin with a lid, this will keep it dry, but be sure to provide access for hibernators at the base by standing the bin on bricks. If you have an open bin, cover it with a thick piece of old carpet to keep it dry and insulated. Avoid disturbing the bin between autumn and April, when all species will have finished their long snooze.

INDOORS

Like butterflies, ladybirds may choose to overwinter in your home and will be disturbed by the heating coming on. As

they hibernate in large groups, it may be best to leave them alone and if you can, leave the room unheated. If not, using a dustpan and brush, tip them gently into an empty box and move them to the shed.

NEST BOXES

Birds don't hibernate and they require a lot of energy to keep themselves warm at night. Clear out nest boxes now so that birds can take shelter in them on cold nights.

LOFTS

Take care if paying a visit to your loft in winter, as you may disturb hibernating bats, ladybirds or butterflies.
