A NOTE FROM THE EDITOR

Hello and welcome to our June/July edition of the Stonesthrow Directory. June 2022 is a big month for the UK, since we finally get to celebrate Her Majesty the Queen's Platinum Jubilee over an extended Bank Holiday weekend. There are plenty of official events planned for our region as well as countless street and garden parties to attend. Let's hope the weather holds up!

Then July follows with another much anticipated event, the Commonwealth Games. See p.27 for details on when to see baton bearers in Kenilworth & Warwick. Come along to the drop-in centres for more information on how you can take part. This is going to be one unforgettable Summer!

Not forgetting of course Father's Day on 19th June, a time to let that very important person in your life know how much he means to you. Many of our local businesses, attractions and restaurants have special Father's Day offers so take a look through this month's adverts and please try to support local businesses wherever possible.

There many other events and meetings taking place locally and if you'd like to take part - see our What's On section (p. 26-27).

We have something exciting for our readers this month: give our Social Media pages a 'Like' and a 'Follow' for a chance to win £20 Gift Voucher to spend at Oakes Farm Shop (see p. 25).

We have articles written exclusively for us by local residents (see p. 28) as well as an article about our Queen's 96 years of an extraordinary life, as well as many great offers and discounts offered by our Advertisers.

Please remember to mention Stonesthrow Directories when calling, so we can continue to bring you even more exclusive offers!

Here are some dates for your calendar:

19th of June - Father's Day;

21st of June - Summer Solstice;

1st of August - Summer Bank Holiday.

Have a great couple of months and whatever you do - keep yourself and your loved ones safe.

Yours, Stonesthrow Publications

Misty Double Glazing?

Hi, my name is Dave Millidge, let me introduce my company where I repair windows and replace misted up double glazed units.

The area that I cover is Coventry and Warwickshire. You may have seen me around in your street or even have family and friends who I have worked for in the past ten years, with over 6,000 satisfied customers during that period. I started Misty to Clear to give customers the best value repairs in the current climate.

The Misty to Clear website allows total transparency of the customer experience. You can log into the website and view work that I have carried out. You can also leave feedback on social media. Therefore, I give a 5 year guarantee on all new double glazed units fitted by Misty to Clear.

This is a genuine guarantee which does not come as an extra to my price.

I started Misty to Clear mindful that the cost of repairs is probably key to most people's budget when using tradesmen to do work on their behalf in their homes.

I offer a lower cost service to both old and new customers as I operate directly for the customer with no additional hidden charges or insurance costs to you the customer.

So, my company name is Misty to Clear where I can offer steamed up window glass replacement and fix broken handles, hinges, seals, window locks and door locks.

I also change glass in Velux windows too.

Satisfaction guaranteed to be a high standard that carries a 5 year guarantee.

Clearly a great service!

DOODY CALLS: WHY PICKING UP AFTER YOUR DOG MATTERS

Having a dog, we, the 'pet parents', know the immediate joys we get from sharing our lives with such a lovable companion. But as dog owners, we also have a legal duty to clean up after them every time they potty in a public place.

As a new pet parent, when walking around it's hard not to notice piles of poop, impolitely left behind for others to see or worse, to step in to.

Similar to human waste, dog waste contains harmful bacteria and potential parasites. Because dogs eat nutrient-rich pet food to sustain their health, this pet food leads to excess nutrients such as nitrogen and phosphorus in their waste. Dog waste contains faecal coliform bacteria that can spread diseases, such as Giardia and Salmonella. It can transmit various worms which can affect us humans, especially children. Roundworms, for example, are common in dogs and can remain alive in the soil for years. Other dogs can become infected by sniffing, licking, or ingesting the stool or anything that the stool has touched, even in microscopic amounts.

You might be reading this article and thinking: But why should I pick up after my dog and people riding horses don't pick up after them? A common misconception is that dog poop is akin to wildlife waste in the natural environment, but it's not.

DID YOU KNOW that horse waste is between 70% and 80% water, which is quickly absorbed into the ground? The solids in horse poop are mainly grass and other vegetation, which break down in about six days. Plus, horses do not carry viruses and other pathogens that pose risks to humans.

WILL MY DOG GET ILL IF HE/SHE INGESTS HORSE MANURE?

Horse and cow manure is full of enzymes and partially digested protein, which can be beneficial for a dog's digestive system.

WHAT YOU CAN 'DOO'

Picking up after your dog is easy if you're prepared. Always carry poop bags with you whenever you are out and

about with your dog. Remember to always take more than you think you will need.

TIE THE BAG CLOSED AND TOSS IT IN THE TRASH

Do not set your bag of dog poop down and leave it on the ground for someone else to find. It's important to dispose of the waste properly, into the bins typically dotted around. Wastes from dogs should not be placed in a compost pile because the parasites, bacteria, and viruses are not readily destroyed during the composting process and can be passed on to humans.

PICK IT UP

Remember that cleaning up after your dog is not only required by most laws, but it is also your civic duty.

REMEMBER

Our mission is to make our communities safer for everyone, especially dogs and children. Dog poop doesn't magically disappear and the 'poo fairy' does not exist. As World Environment Day (5th of June) draws nearer, nudge yourself into a new habit of picking up after your pooch.

JUST THINK

If your dog potties in the house or back garden, do you leave it there or pick it up?

Respect the streets as you respect your own house.

THE QUEEN'S PLATINUM JUBILEE: 95 YEARS OF LIFE

The 2022 celebration of Queen Elizabeth II's 70-year reign with the Platinum Jubilee is one of the UK's major historic events. But although 70 years on the throne is certainly an impressive accomplishment, it has to be said that 95 years of life are perhaps even more so. Her Majesty is the world's oldest monarch, following the death of His Majesty King Abdullah Bin Abdulaziz Al Saud of Saudi Arabia at the age of 90.

SO WHAT HAVE THOSE 95 YEARS BEEN LIKE?

THE WAR AND THE ARMY

Queen Elizabeth II was born and named Princess Elizabeth Alexandra Mary, on April 21st 1926. That means that she was 13 years old when WWII started, 14 when her home in Buckingham Palace was bombed in 1940, and by the time the war ended, she had already become a Junior Commander at the ATS (Auxiliary Territorial Service) and was training to become a mechanic. As a member of the ATS, she was also the first female of the Royal family to be an active-duty member of the British Armed Forces. And on May 8th, 1945, dressed in that ATS uniform, she snuck out of the palace with her sister Margaret to join the people celebrating the end of the war in the streets of London. In 1985, speaking to the BBC about that night, she said, "I think it was one of the most memorable nights of my life." Today, Queen Elizabeth is the last surviving head of state to have served during the Second World War.

FAMILY

Two years after the end of WWII, and six years before she would become queen, Princess Elizabeth was betrothed and married to her distant cousin – Lieutenant Phillip Mountbatten of the Royal Navy. They were married in 1947. He was formerly Prince Philip of Greece and Denmark and, just before they were to be married, was titled Duke of Edinburgh, earl of Merioneth and Baron Greenwich by Princess Elizabeth's father. In 1952 she became queen with the passing of her father, then in 1953 was crowned Queen Elizabeth II. At this point, she had already given birth to two of her four children – Prince Charles and Princess Anne. Ten years later in 1960 Prince Andrew would be born, and Prince Edward in 1964. Now, in 2022, those four children have given the Queen eight grandchildren, and twelve great-grandchildren.

THE WORLD AROUND HER

Queen Elizabeth II has lived through many changes in the world around her. Many argue that this century actually saw the most change for human civilisation. Especially in terms of technology. She saw the world go from radio and black and white televisions to smartphones and royal social media pages. But, all in all, she has been said to be quite a progressive and embracing monarch as the world changed around her. She was early to email, sending off her first one in 1976, and in 2012 recorded her Christmas message in 3D. The best way to analyse her approach to change is her own words. "Change is a constant," said the monarch as she addressed Parliament during her Golden Jubilee in 2002, "managing it has become an expanding discipline. The way we embrace it defines our future."
